

# Everest Towable Salt Spreader - 150Kgs Capacity

The Everest tow behind salt spreader from Gritex has a capacity of 150 kg of salt, and an operating width of between 3 - 5 metres. This spreader is equipped with a 150 kg capacity polypropylene hopper and a heavy duty stainless steel auger. This allows this spreader to handle all types of grit and salt including the damp council type. The spreader is ideal for small to medium-size business premises, car parks, private roads, paths, estates and shopping centres.
